24 hours of installation: 1.43 Kg / cm

3 days of installation: 1.51 Kg / cm

7 days of installation: 1.65 kg / cm

## **DURABILITY:**

This product offers exceptional resistance to water, dirt, abrasion, UV radiation and wear (yellowing, cracking, delamination).

## **MAINTENANCE:**

A quick and easy to maintain material, the outstanding qualities of its outer surface facilitate cleaning and prevent mold growth. Maintenance can be performed with all types of household cleaning products, other than abrasives such as acetone or other similar solvents.

Non-contractual images and data, CoverStyl reserves the right to change the composition of its films at any time. The rendering of colors and finishes on the computer may vary depending on the screen and does not provide or represent the true reality. Therefore, we recommend that you order a sample online or contact us so that we can examine the finish that best suits your requirements. Due to the different use of color in the production cycles, we advise you to buy the quantity you need in an order to avoid any difference in appearance in the execution of your project.
